## The Team

**Introducing the WRSU  
manager Chief Inspector  
Faz Chishty.**

I joined the force aged 19 in 1994 and I have never looked back, nearly 27 years later! I was drawn to policing from an early age, as my older brother was an officer. I was fascinated by his experiences, and the more I learned, the more my desire to join the service developed.

Being in the service has surpassed my expectations and I have thoroughly enjoyed it. I have had the privilege to work in a variety of different roles across the county. My experiences include working in Patrol policing, CID, Community Protection, Safer Neighbours, Force Operations and these experiences have enabled me to help our communities, something which is close to my heart. I recently joined the Warwickshire Road Safety Unit and am really pleased to work within this very important area of work. I hope to continue to contribute to making our County's roads safer.

## Training

**Exciting announcement..**

The pandemic has disrupted CSW for the past year but with the announcement of a roadmap out of lockdown there is hope. The roadmap gives a projected date of the 21<sup>st</sup> of June for all restrictions to be lifted. With this in mind, and allowing for annual leave/commitments of the team, we are announcing a mass laser device/CSW training session for 60 CSW volunteers. There will be 2 sessions of 30 people each at Wolston Leisure Centre on the 5<sup>th</sup> of July.

**Further news on this will follow as  
the situation develops.**

## Events

**CSW branded equipment.**

Your SPOCs from SNT will be delivering some CSW branded items to you in the coming weeks. We have taken receipt of some new clipboards (pictured) and are waiting for the pens (pictured) to arrive.

Warwickshire  
**POLICE**

We will deliver 2 CSW clipboards per group and 10 CSW pens per group initially. We're also looking at acquiring some clicker counters to assist you in keeping count of the vehicles that pass your sites more easily.

## Focus

### Data Recording Sheet (DRS) submissions.

As many of you are aware there is a slightly new process for sending your completed DRS. Things to remember are only submit the front sheet and associated continuation sheets for one recording session per email. Ensure you use block capitals when completing the DRS. Then send the DRS to the email address associated with your area of Warwickshire. The email addresses you need to know are in the feedback section of this newsletter. Please use the email address that your parish comes under, for example if you are from Fillongley use the North Warwickshire email address and if

you are from Ettington use the Stratford address etc. These inboxes have been created so we can collate the data you collect and accurately send warning letters to the speeders that you identify. They are also a more efficient way for us to process the DRS in a timely fashion

## News

### Monday the 29<sup>th</sup> of March 2021.....

The above date has now passed and hopefully marked a momentous occasion for everybody and not least CSW members across the county. On the 29<sup>th</sup> of March an email was sent by PC 691 Ken Bratley to all group leads confirming that CSW activity could resume in a COVID safe manner. Your SPOCs can also resume General/safety brief training in line with the Government guidelines. Unfortunately laser device training is still unavailable due to the Government restrictions.
