Literature

Literature lovers will get the opportunity to express their admiration for Warwickshire's world-famous playwright 'out loud' this week, at a special event just a stone's throw from his birthplace, at Stratford-upon-Avon Library.

On Thursday (30th September) between 11am – 12 noon, the library will host a special 'Read Out Loud – Shakespeare' event as part of the BBC's 'Read Out Loud' project in collaboration with the Reading Agency.

Keen readers are being invited to come together, under the direction of Paul Edmondson, Head of Research and Knowledge and Director of the Stratford-upon-Avon Poetry Festival for the Shakespeare Birthplace Trust, to read their favourite passages of Shakespeare out loud and talk about the experience of reading out loud.

Free tickets for the event, which is subject to Covid-safe measures, can be booked in advance at <https://www.eventbrite.co.uk/e/178018286487>.

Bike to School Week 2021

School-aged children across Warwickshire are being encouraged to get on their bikes for Bike to School Week 2021.

This week, Warwickshire County Council is encouraging all children across the county to take advantage of the many benefits of cycling for their journey to and from school as part of Sustrans' Bike to School Week 2021, which runs between Monday 27 September and Friday 1 October.

There are many benefits to adopting an active school journey, both for individuals and the wider environment. In terms of benefits to health:

- Physical activity such as cycling can increase mental alertness, energy, positive mood and self-esteem, as well as reducing stress and anxiety, according to the Mental Health Foundation.
- Teachers find that pupils who cycle, walk or scoot arrive at school more relaxed, alert and ready to start the day than those who travel by car.
- Cycling, walking or scooting to school also increases awareness of road safety as well as boosting independence for children.

But removing cars from our roads during peak periods also has huge benefits for the environment and our impact on the ongoing climate emergency.

Here are some facts:

- Over 40% of the UK's carbon footprint relates to vehicle emissions and a large proportion of these emissions are produced during short journeys where active travel options would be possible.
- During the peak traffic times – in the morning and evenings – 1-in-4 vehicles on our roads are undertaking a school run.

White Lines, If there are any white lines within the Parish which need attention and fall under WCC please advise me of the precise location so that I can include it in my round up of white lines needing attention.

Missed bins - I'm still getting details of the odd 1 or 2 that has not been collected .
Contacts are streetscene@stratford-dc.gov.uk or Telephone: 01789 260616
